CONGRATULATION OF ACHIEVEMENT!

1st January, 2016

Dear Generous Donors

On behalf of the Foundation for Water & Education, Cambodia (FWEC), I and the teams would like to thank you very much for your generous support. Your commitment to helping the people in need in our communities surrounds of Siem Reap is sincerely appreciated.

THE FOUNDATION FOR WATER AND EDUCATION, CAMBODIA HAS JUST DONATED ITS 300TH WELLS!!!

One of the primary aims of Foundation for Water and Education, Cambodia (FWEC) is to provide clean water to the poorest of the poor in the rural areas of Siem Reap.

FWEC started as a very small initiative of Chantrea Chhuon, a young man from Siem Reap. Chantrea himself has come from a poor family and it was - and is - his desire to help the many rural families who are struggling without accessing to clean water.

Chantrea's work as a tour guide puts him in contact with the many visitors to Siem Reap and its famous Angkor Wat temples. He has used this opportunity to ask those tourists for help and, in fact, the first well was donated in May 2010 by one of those visitors, Graciela Andrade, who subsequently became the first Fundraising Coordinator for FWEC and offered encouragement and support to Chantrea as the project grew.

300 wells have now been funded!!

As a result of 300 wells being funded, the number of people now with access to clean water is 4800: This result is based on an average of four families using the well (the main family plus three neighbouring families) with an average of four people in each family (300 x 4 x 4).

This is a truly amazing result and a huge “thank you” goes to all our donors for their generous contribution.

(All donated wells and their recipient families - including photos, names/ages of all family members and village/commune - can be found through the supporter page of our website at: www.fwe-cambodia.org/our-supporter.php)

Yours respectfully,

Chantrea CHHUON (Mr. Moon)
